Dear Lord Howard, Tracy Murrell,

I have left telephone messages on both your numbers (020 7219 3964, 01883 713249) and I am forwarding again my message below. This is a matter of crimes relating to International Humanitarian Law (terrorism, crimes against humanity, war crimes) and the Protection of Civilians, so please respond promptly.

Sincerely,

Dear Lord Howard (Tracy Murrell, office of Lord Howard),

I am writing to you in your capacity as Honorary Patron of the JNF UK charitable organisation. Please see the attached crime reports in relation to this organisation.

- Given that you are a QC and yet you support an organisation that is complicit in the funding of terrorism, and complicit in war crimes and crimes against humanity,
- Given that grave suffering has been inflicted upon the civilian victims of these crimes, including refugees and children, and continues to be inflicted upon them,
- Given that you are culpable in the grave suffering of these people through the standing you provide to the JNF UK charitable organisation,
- Given that the suffering of these people is perpetrated primarily by Jewish people in this case, whereas Jews convey a religious and cultural sense of their own suffering,

I expect you to immediately desist from your involvement in these crimes (your involvement in the grave suffering of the victims of these crimes) by withdrawing from your role with the JNF UK.

Please respond at the earliest.

Sincerely,  
Mortaza Sahibzada (he)
